

Institute for a Sustainable Agriculture Community - ISAC

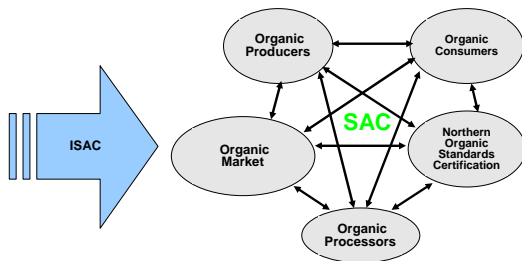

ISAC vision

Towards such a time when the Economic, Social and Political environment will encourage and enable the successful implementation of the Sustainable Agricultural Community

ISAC Mission

Producers

- Encourage Farmers to practice Organic Agriculture and Marketing
- Support the Organic Farmers' Groups and network

Consumers

- Educate /Raise awareness on health and environmental problems
- Educate on Organic Farming
- Build co-dependant relationships with Farmers
- Collaborate on Pricing and Product

ISAO Marketing

- Rotating/Fixed Organic market
 - Fresh products
- Organic's Warehouse
 - Fresh and processed products

ISAO Local Organic Certification

- Northern Organic Standard Organization (NOSO)

ISAO Results In:

- Self-Reliance /Justice /Sustainability on Income, Social, Natural Resources and Environment
- Food Security and Independence for local Community
- Health

ISAC Needs

- National & Local Gov't to support the local/community organic market rather than export only
- Permanent Land for Central Organic Market in CM

Thank You
